NYU Langone Emergency Medicine Summer Medical Student Fellowship for Underrepresented Minority Medical Students

The Ronald O. Perelman Department of Emergency Medicine is committed to increasing diversity within the field of Emergency Medicine. The goal of the program is to provide the interested medical student with an in-depth exposure to Emergency Medicine early on in medical school education.

We encourage underrepresented minorities who are interested in Emergency Medicine, currently in their first year of medical school, to apply to our 5-week (July 2 to August 3, 2018) Summer Fellowship. We are offering funded positions, including housing, to support students who are underrepresented minorities interested in the field of Emergency Medicine.

Each student will be paired with a faculty preceptor who he or she will shadow on various shifts. In addition, students will participate in procedure workshops, SIM sessions at our state-of-the-art SIM center, social medicine initiatives, ultrasound workshops, resident conference, journal club, lectures given by our faculty and residents, toxicology rounds, and final presentations. Students will be exposed to tremendous diversity in clinical pathology and patient populations by rotating through the different hospitals within our academic center, including our nationally ranked tertiary care center at NYU Langone Health, the country’s first public hospital at Bellevue, and NYU Brooklyn (a Level I Trauma Center and Stroke Center).

Dates:
Complete applications due: Jan 20, 2018
Notification of selection: Jan 30, 2018
Confirmation of acceptance due: February 10, 2018
Program dates: July 2 to August 3, 2018

How to Apply:
Please send the following addressed to ellie.pena@nyumc.org:
- CV
- Letter of interest (please indicate your underrepresented minority status in your letter)
- Letter of recommendation from faculty member at your medical school

Thank you for your interest!
