--- | --- | ---
Introduction of New MEC Co-Chair, Dr. Thomas Drake – Dr. Jonathan Hiatt | Dr. Thomas Drake was introduced as the new MEC co—chair. Dr. Stuber was presented with an award in recognition of her tenure as co-chair from 2000 – 2010. | Informational
LCME Update – Dr. Craig Byus | Dr. Byus reported on his recent meeting with LCME regarding preliminary accreditation for the planned medical school at UC Riverside. Areas of primary concern included: | Informational
1. Five years of sustainable funding for a medical school
2. How does mission correspond with curriculum?
3. The mission should be different from UCLA

The LCME was critical of statements in original proposal regarding a focus on “under-represented minorities”, a term they believe is old-fashioned, political, and no longer relevant. They recommended focusing on “diversity”. Once a draft proposal is submitted, the LMCE will provide feedback before it goes to full committee for review.

**Graduation Questionnaire 2009 – Dr. LuAnn Wilkerson**

The Graduation Questionnaire is administered by Association of American Medical Colleges (AAMC) to identify and address issues critical to the future of medical education and the well-being of medical students.

UC Riverside:   n = 18  
CDU:   n = 28  
UC Los Angeles:  n = 114  
All Schools:   n = 13,178

**Pre-Clerkship Strengths**
- Integration of science and clinical
  - PBL
  - Pathophysiology lectures
- Organization
  - Systems
  - Independent study time
- Early patient experience

**Pre-Clerkship Weaknesses**
- Lectures in which faculty focused on their own research
  - “obscure” “esoteric”
  - Sampler format
  - Level of detail varied
- More clinical pharmacology
- More focus on USMLE topics
<table>

</table>
| Clinical Education Strengths | • Diversity of patients and settings  
   • Cross-site coordinated didactics  
     o Ambulatory care sessions at on campus  
     o Consistent topics across sites | |
| Clinical Education Weaknesses | • Too much variation among sites  
   • Evaluations:  
     o Final exams did not reflect what was taught  
     o Subjectivity of ratings  
   • Less teaching in surgery | |

Introduction of Dr. A. Eugene Washington, Dean of David Geffen School of Medicine at UCLA

During a joint session of the MEC and FEC, Dr. A. Eugene Washington was formally introduced as vice chancellor of UCLA Health Sciences and dean of the David Geffen School of Medicine. Dr. Washington formerly served as executive vice chancellor, provost and professor of gynecology, epidemiology and health policy at the University of California San Francisco (UCSF).
