Welcome to MyERAS 2012!

The Using MyERAS section of the ERAS Web site (http://www.aamc.org/eras) explains how MyERAS works and outlines the steps for applying to U.S. residency programs. MyERAS is easy to use, but it is important for you to read and understand how the service works. This site may help you avoid many errors that could affect your application to residency programs. For those without easy internet access the Web site is transcribed below.

New for MyERAS 2012

Letters of Recommendation (LoRs)

When applying, you will only be able to submit 4 LoRs to any given program. Once a program has received 4 LoRs, you will not be able to assign another LoR to that program.

ERAS has enhanced the LoR page to help make the process clearer and more precise for applicants.

Applicant Document Tracking System (ADTS)

ADTS's layout has been redesigned to help you quickly and easily check the status of your documents.

Updated Visa Statuses

ERAS has received a request from the Educational Commission for Foreign Medical Graduates (ECFMG) to update language within the MyERAS application to better distinguish your Current Visa status in the MyERAS application.

All responses, if provided, will display in the Program Director's Workstation (PDWS). These changes will assist programs with selecting applicants that meet their criteria.

If you select Foreign National Currently in the U.S. in Valid Visa Status, the following options will appear:

Current Visa/Employment Authorization

- B-1 – Temporary Visitor for Business
- B-2 – Temporary Visitor for Pleasure
- F-1 – Academic Student (Employment Authorization Document (EAD) - Optional Practice Training (OPT))
- F-2 – Spouse or Child of F-1
- H-1 – Temporary Worker
- H-1B – Temporary Worker in a Specialty Occupation
- H-2B – Temporary Worker (Skilled and Unskilled)
- H-4 – Spouse or Child of H-1, H-2, H-3
- J-1 – Exchange Visitor
- J-2 – Spouse or Child of J-1 (EAD)
- O-1 – Person of Extraordinary Ability in science, arts, education, business, or athletics
- TN – NAFTA Trade for Canadians and Mexicans
- E-2 – Treaty Investor, Spouse and Child (EAD)
• Diplomatic Service
• Employment Authorization Document (EAD)
• L-2 -Dependent of Intra-Company Transferee (Employment Authorization Document - EAD)

Misdemeanor/Felony Questions
You are now required to answer if you have ever been convicted of a felony or misdemeanor.

Publications
For publication abstracts and articles other than published, you will now be required to enter a submit date.

Print Invoices
Invoices may now be printed once you have submitted payment.

Getting Started

Research and Contact Programs
ERAS does not set program application deadlines or requirements. Therefore, it is your responsibility to confirm that you meet all eligibility requirements and program deadlines before applying. For a complete list of participating programs, please see the Participating Specialties and Programs page.

Note: ERAS is not always alerted to changes by programs, so be sure to confirm their participation status before applying through ERAS.

MyERAS Worksheet
At any time, you may print the MyERAS Worksheet to prepare for the MyERAS application. This worksheet does not replace the online application, but may be helpful in preparing for the application process.

Get Your MyERAS Token
Contact your designated dean’s office to obtain your token and begin working on your application. Only your designated dean’s office may generate your token.

Register with MyERAS
It is important to register as soon as possible after receiving your token so your designated dean’s office can begin scanning in documents they receive on your behalf.

1. Navigate to MyERAS.
2. Click Register to access the registration page.
3. Carefully type in your token id and fill out all required fields.
You may only register once; therefore, enter all information carefully and review it to ensure accuracy before submitting.

4. You must accept the AAMC Privacy Notice before continuing. Click Save.

5. Review the confirmation page; click Save to complete registration.

6. Please make a note of your assigned AAMC ID; you will need it to access MyERAS and the Applicant Document Tracking System (ADTS).

7. Print the final registration page for your records.

Note: If you have registered for NRMP, confirm your MyERAS and NRMP AAMC ID are the same. If they are different, contact ERAS or NRMP as soon as possible to reconcile the discrepancy.

Password

During registration, you will be prompted to create and confirm a password. When creating a password, keep the following in mind:

- Passwords may be between 6 - 20 characters long and must consist of a combination of both alphabetical and numeric characters.
- Passwords are case sensitive. Therefore, the passwords 'CARRIE' and 'carrie' are different.

You will need your password to update your information and track your applications on ADTS, so be sure to create a password you will be able to remember. It is your responsibility to keep it secure.

Note: If you forget or lose your password, go to MyERAS and click Forgot Password. Your password will be sent to the e-mail address you entered when you registered. ERAS staff does not provide passwords.

E-mail Address

During registration, you will be prompted to enter an active e-mail address. Programs use e-mail to contact applicants for important reminders such as notifications of missing documents and invitations to interview. You will also need an e-mail address should you forget your MyERAS password.

Note: Be sure to check your junk mail or bulk mail folder regularly. Some messages from programs which have multiple recipients may be treated as junk or spam mail.

ERAS Documents

The following documents are considered ERAS documents and are the only documents transmitted through ERAS. If a program requires additional documents, please contact them directly to ask how they would like to receive non-ERAS documents.

- MyERAS Application (comprised of the information in both the Profile and Application)
- Personal Statement
Using MyERAS – Print Version

- Medical Student Performance Evaluation (MSPE)
- Letter(s) of Recommendation (LoR)
- Medical School Transcript
- USMLE Transcript
- COMLEX Transcript (Osteopathic only)
- Wallet-sized color photograph (not to exceed 3” x 4”)

**Note:** It is your responsibility to request and follow up with the authors of your LoRs to ensure that your LoRs reach your designated dean’s office in time to meet program deadlines.

Each designated dean’s office establishes processing procedures for ERAS applications, including the schedule for distributing materials, downloading applicant files, scanning transcripts, attaching documents, processing LoRs, and sending files to the **ERAS PostOffice**. Contact your designated dean’s office to check their schedule and procedures.

**MyERAS System Requirements**

- Computer with an Internet Connection
- Firefox 3.6, 3.5, 3.0 and 2.0
- Internet Explorer 8.0, 7.0 and 6.0
- Valid E-mail Address

**Note:** ERAS does not support the Safari browser. Firefox is supported and may be used by Mac users.

You do not need to complete your application in one sitting, so you may take your time and work on each tab at your convenience. Information you enter on a page is stored when you click Save. You may change information in your application at any time before you certify and submit it. If you are unsure about whether you completed a page, use the checklist function located on the Account tab.

**Who's Who in MyERAS**

**Designated Dean's Office**

The designated dean’s office generates tokens for those applying to residency positions. These institutions also act as the primary resource to advise you during the application process and handle uploading supporting documents to the ERAS PostOffice.

Helpful Resources

Designated Dean’s Office
The primary source for answers to questions about your application is your designated dean’s office. Most designated dean’s offices provide valuable career counseling services to applicants, answer ERAS-related questions, and provide other support during the application process. Contact them directly for details.

Residency Programs
Make sure to contact programs directly regarding their participation status, requirements, processes, and deadlines.

Online Help
Information on osteopathic programs and positions, visit AOA | Opportunities:
http://opportunities.osteopathic.org/index.htm
ERAS Web site: https://www.aamc.org/students/medstudents/eras/

E-mail (ERAS)
Technical questions not answered through other sources can be sent to myeras@aamc.org. ERAS will respond to your question within two business days.

When Writing, Be Sure to Include:
- Name
- AAMC ID
- Medical School of Graduation
- Return E-mail Address

Note: Responses to requests received without this information may be delayed.

When Describing Your Problem, Include the Following:
- Exact Error Message(s)
- Type of Computer Used
- Web Browser Used (e.g., Internet Explorer)
- Browser Version
- Internet Service Provider (ISP) (e.g., Verizon, Comcast)
- Operating System (e.g., Windows XP, Windows Vista)

Phone (ERAS)
ERAS HelpDesk: 202-862-6264, Mon – Fri, 8 a.m. – 6 p.m., ET
MyERAS Application

MyERAS is broken up into 4 tabs:

Account
This area is the gateway to the entire application service. You may review a checklist of the progress made on your application; update your Profile with new contact information; or check messages sent to you from programs.

Application
The majority of your application is completed in the Application tab including your education, work, and other experiences, awards or honors you have received, publications, etc. The information in the Application tab may be updated until it is certified and submitted. You may only certify and submit your application once. Once your application is completed, certified, and submitted to ERAS, you may not make any changes.

Documents
Create personal statement(s); identify the people who will write your letters of recommendation; and release your COMLEX and/or USMLE transcripts.

Programs
Search for and select programs to receive your application materials. You may assign your USMLE and/or COMLEX transcript, personal statement(s), photograph, and LoRs to individual programs in the Programs section.

Account Tab
This is your gateway to the entire MyERAS application.

Account Sub-tabs

Home
Lists Quick Stats and any alerts regarding the functionality of the MyERAS site.

Profile
Your Profile contains information that may be updated at any time during the application season, even after the MyERAS application has been certified and submitted. It is essential that you keep this tab updated with your most current information throughout the season.

Checklist
Provides a hyperlink for each element of the MyERAS application as well as their completion status.
Message Center

Any messages sent by a participating program via the Program Director’s Workstation (PDWS) software, as well as any messages sent by ERAS staff, will be listed in the Message Center. These messages are also sent to the applicant’s e-mail account on file.

Password

Use this section to change your password after registering.

Site Map

Provides a general overview and hyperlinks for each element of the MyERAS application Web site.

Track Applications

Allows you to track the status of MyERAS applications and supporting documents.

Applicant Document Tracking System (ADTS)

ADTS details the status of documents submitted to the ERAS PostOffice. ADTS lists each program to which the applicant has applied, the date each document was uploaded by the designated dean’s office, and the date programs downloaded each document. Your designated dean’s office also has access to ADTS, but programs do not.

ADTS consists of two sections:

My Documents

The My Documents section tracks the status of Letters of Recommendation (LoRs) and other supporting documents. This section is divided into two parts, LoR(s) and Other Supporting Documents. Both provide information regarding the status of your documents.

Documents by Program

The Documents by Program section details the status of documents assigned to each program to which you have applied.

Note: Applicants are encouraged to check ADTS often and to follow up directly with programs that have not downloaded their application or supporting documents.

Application Tab

The Application tab is where the majority of your MyERAS application is completed. Completing the application can be accomplished in multiple sessions. All information in the application can be updated until the application has been certified and submitted.
Application Sub-tabs

Home
Contains *Quick Stats*; PDF of the MyERAS application, the ability to view the application in the MyERAS or CV format; it is also where you will certify and submit the application.

General Information
Allows entries for present mailing address, birth information, gender, and any military service experience or obligations.

Education
Allows entries for undergraduate and graduate school(s) attended.* Ø

Medical Education
Allows entries for medical school(s) attended.*

Training
Allows entries for each residency, fellowship and/or osteopathic internship training completed or currently attending.* Ø

Experience
Allows entries for work, volunteer, and/or research experience(s) attempted, completed, or currently attending.* Ø

Publications
Allows entries for publications.* Ø

Exams
Allows entries for each examination taken such as the USMLE, COMLEX, or other exams like FLEX or NBME exams.* Ø

Licensure Information
This tab contains questions concerning malpractice cases, termination of medical license, felonies or criminal offenses, board certification, and DEA Registration are also addressed.

Medical Licenses
This tab is used to list any state medical licenses obtained.* Ø

Race
Allows you to indicate your race. (Optional)

Ethnicity
Allows you to indicate your ethnicity. (Optional)
Note: You are not required to indicate your Race or Ethnicity. If you choose not to indicate this information, you must at least select No Answer. You will not be penalized for selecting this response. If you are a citizen of a European country, please do not provide a response.

Miscellaneous

Consists of two questions asking if the applicant has any limiting aspects and if medical education/training was extended or interrupted for any reason. This page also allows entries for language fluency, hobbies and interests, medical school awards, other awards/accomplishments, and membership in honorary/professional societies.

* Once all required fields have been completed and the information is saved, the page will refresh to allow additional entries.

Ø The None option is available if you do not have any information to enter for this specific tab.

Certify and Submit Your Application

It is important to carefully review your application before certifying and submitting to ensure everything is complete and correct. You may only certify and submit your application once!

Use the Checklist function to locate obvious omissions (e.g., a missing USMLE ID or application pages that were not completed).

The application does not include a spell or grammar check feature.

You cannot apply to programs until your application is certified and submitted.

Once you have submitted your MyERAS application, you will not be able to make any changes or updates. There are no exceptions.

During certification, graduates of a U.S. medical school must select Yes or No to the question, “Do you give your dean’s office permission to view your application once it has been submitted?” This question must be answered to certify and submit your MyERAS application. Once you certify and submit your MyERAS application, you will be unable to change your selection.

Certifying and Submitting Your Application

1. Return to the Application | Home tab.
2. Click Submit Your Application.
3. Read Part 1: Changes to the MyERAS Application Form, then click Next.
4. Read Part 2: AAMC Policies, then click Next.
5. Review the information you entered on Part 2: Review Your MyERAS Application, then click Next.
6. Read Part 1: Certification Statement, then mark the check box to acknowledge what you have read.
7. **In Part 2: MyERAS Application Release,** answer **Yes** or **No** to **Do you give your Dean's Office permission to view your application once it has been submitted?**

8. Enter your MyERAS password in box provided in **Part 3: Enter your Password for Verification.**

9. Click **Submit MyERAS Application.**

**Note:** A FINAL message will appear, "Once you have certified and submitted your Application it will be locked and no changes will be permitted. Your Application, once certified and submitted, is provided to all programs to which you apply during this ERAS season. Please take the additional time to proofread your application for any errors or omissions."

10. Click **OK.**

**Remember**

It is essential that you continue to update the information in the **Profile** tab after you have submitted your application.

You may also update or change your document assignments or apply to new programs at any time.

**Withdrawing Your Application**

If you determine that you are no longer interested in a program that you have applied to, inform the program that you no longer wish to be considered for a position. This is especially true if you are granted an interview. Alerting the program allows them an opportunity to provide the slot to another worthy candidate. This may be accomplished by calling or e-mailing the program.

In addition, you may also use MyERAS to withdraw:

1. Click the **Programs** tab.
2. Next, click the **Programs Applied To** tab.
3. Select the program you wish to withdraw your application from.
4. Next, mark the box that states: I would like to notify this program that I am withdrawing myself.
5. Click **Select** at the bottom of the page to save all changes. Notification will be sent to the selected program immediately.

You will have to do this individually for each program that you wish to withdraw from. ERAS does not conduct the **Match,** so this will not withdraw you from the **Match.**

**Documents Tab**

Under the **Documents** tab, you may create personal statement(s), identify your letter of recommendation (LoR) authors, and release your USMLE and/or COMLEX transcripts.
Documents Sub-tabs

USMLE Transcript
This is the tab where you will authorize the release of your USMLE transcript and transmit your requests to the NBME. Your transcript will only be transmitted to programs to which your USMLE transcript has been assigned.

COMLEX Transcript (Osteopathic Applicants)
Under this tab you will authorize the release of your COMLEX transcript and transmit your requests to the NBOME. Your transcript will only be transmitted to programs to which your COMLEX transcript has been assigned.

Personal Statements
Your personal statements may be created, viewed, edited, and printed in this tab.

Letters of Recommendation (LoRs)
Here you can create a list of authors who will write LoRs on your behalf. You may also print a personalized cover sheet for your authors from this tab.

USMLE Transcript
This tab is where you will authorize the release of your USMLE transcript and transmit your requests to the NBME. Your transcript will only be transmitted to programs to which your USMLE transcript has been assigned.

Releasing Your Transcript
You must enter your USMLE ID in the Profile in order to authorize the release of the USMLE transcript. You must authorize the release of the USMLE transcript in order to assign it to programs.

In order for the NBME/ECFMG to upload your USMLE transcript, you must:

- Authorize the release of your transcript.
- Assign it to at least one program.
- Pay the transcript fee.

Note: A transcript fee of $70 will be included in your invoice when you apply to programs. This fee cannot be paid prior to applying to programs.

If you select Yes to the automatic retransmission option, anytime new scores become available or you apply to new programs, a request is automatically generated and sent to the NBME/ECFMG to upload the most recent transcript. Once this request is received by the NBME/ECFMG, it can take 3-5 business days for the transcript to be uploaded to the ERAS PostOffice.

If you select No to the automatic retransmission option, anytime new scores become available or you apply to new programs, you will have to manually retransmit your USMLE transcript. You can do this by
going to Documents/USMLE transcript tab in MyERAS and selecting the Retransmit option. A request is then generated and sent to the NBME/ECFMG to upload the most recent transcript. Once this request is received by the NBME/ECFMG, it can take 3-5 business days for the transcript to be uploaded to the ERAS PostOffice.

**Remember**

USMLE transcript fee is a one-time fee regardless of the number of transcripts requested.

Once the USMLE transcript is assigned and you have applied to a program, it cannot be unassigned.

You cannot pick and choose what scores programs see. All programs will see the same transcript. All exam attempts are listed on the transcript.

USMLE Step 1, Step 2 CK, Step 2 CS, and Step 3 scores are reported as part of a complete USMLE transcript.

**COMLEX Transcript (Osteopathic Applicants)**

This is where you will authorize the release of your COMLEX transcript and transmit your requests to the NBOME. Your transcript will only be transmitted to programs to which your COMLEX transcript has been assigned.

**Releasing Your Transcript**

You must enter your NBOME ID in the Profile in order to authorize the release of the COMLEX transcript.

You must authorize the release of the COMLEX transcript in order to assign it to programs.

In order for the NBOME to upload your COMELX transcript, you must:

- Authorize the release of your transcript.
- Assign it to at least one program.
- Pay the transcript fee.

**Note:** Transcript fee of $70 will be included in your Invoice when you apply to programs. This fee cannot be paid prior to applying to programs.

Anytime new scores become available or you apply to new programs, you will have to manually retransmit your COMLEX transcript. You can do this by going to Documents | COMLEX Transcript tab in MyERAS and selecting the Retransmit option. A request is then generated and sent to the NBOME to upload the most recent transcript. Once this request is received by the NBOME/ECFMG, it can take 3-5 business days for the transcript to be uploaded to the ERAS PostOffice.

**Remember**

COMLEX transcript fee is a one-time fee regardless of the number of transcripts requested.

Once the COMLEX transcript is assigned and you have applied to a program, it cannot be unassigned.
You cannot pick and choose what scores programs see. All programs will see the same transcript. All exam attempts are listed on the transcript.

**Personal Statements**

This tab is where your personal statements may be created, viewed, edited, and printed.

**Formatting**

Your personal statement is limited to 28,000 characters (including white spaces).

Use a simple text editor, Notepad (for Windows) or SimpleText (for Mac), to write your personal statement. Once finished, you may "copy and paste" your text into MyERAS.

**Note:** If using a word processing program like Microsoft Word, click File | Save As..., not just Save. Change the Save as type from Word Document (*.doc/*.docx) to Text only (*.txt). Close the file and re-open it. You may now "copy and paste" your text into MyERAS.

Let text wrap. You should only enter hard returns at the end of paragraphs.

Do not indent your paragraphs with a tab space. We recommend using 4 - 5 spaces. Spaces will always be treated the same, but tab spaces are interpreted differently by different systems. Some appear to be 3 spaces long, while others appears to be 10 spaces long.

Programs view your personal statement as black and white ASCII text that is in Courier New 10pt font.

The PDWS does not support HTML; programs will not be able to see any HTML tags you add to your text.

**Remember**

Titles only identify the personal statement for you, the applicant; programs will not be able to see this title.

Applicants may create as many personal statements as they wish, but only one may be assigned to a program.

Do not use language found on Web sites to convey your thoughts. If you “cut and paste” from a Web site resource and place it in your personal statement, this is considered plagiarism that may result in an investigation.

**Letters of Recommendation (LoRs)**

In order for your designated dean’s office to scan/upload each LoR you must complete the following steps for each letter.

**Finalizing LoR Authors**

**Step 1 – LoR Author Info**

Enter your LoR Author information individually to create your personal LoR Author list.
Step 2 – Finalize LoR Author(s)

Here you have the opportunity to edit and delete your entries from Step 1. Once you are satisfied with your entries, you must enter your MyERAS password and click Finalize. At this point, your designated dean’s office is notified that they will receive an actual letter of recommendation from this LoR Author. When the letter arrives, they will scan/upload the LoR to the ERAS PostOffice.

Step 3 – View Finalized LoR Authors

Now you have the opportunity to review your finalized list, print customized cover letters, and view all programs to which you assigned a particular letter.

After completing all three steps for each LoR Author, you may proceed to the Programs tab or ADTS by using the links at the bottom of the page.

Programs Tab

From here you can assign a LoR Author to specific programs. If you have finalized your entry but the actual LoR has not yet arrived, you may still assign the LoR Author to a program. When your designated dean’s office does receive the letter, it will be transmitted to the assigned program(s) through the ERAS PostOffice.

ADTS (Applicant Document Tracking System)

This tool enables you to track your letters in the ERAS PostOffice. If a particular LoR Author is not visible, return to Step 2 and check to see if the author in question has been finalized.

Programs Tab

On the Programs tab, applicants may search, select, apply, and assign documents to programs.

Note: Programs may not always communicate to ERAS their participation status; therefore, applicants should contact programs they are interested in before applying, in order to verify participation status, requirements, and deadlines.

Programs Sub-tabs

Search Programs (Allopathic Applicants)

You may search for allopathic programs by ACGME ID or State and/or Specialty. After searching, you may select a program, training type(s), and assign supporting documents.

Search Allopathic Programs & Search Osteopathic Programs (Osteopathic Applicants only)

Osteopathic applicants are able to apply to both allopathic and osteopathic programs; therefore, they have two Search tabs.

Search Allopathic Programs tab functions like the Search Programs tab.

Search Osteopathic Programs tab allows you to search for osteopathic programs by typing in the AOA ID or by State and/or Specialty. After searching, you may select a program and assign supporting documents.
Programs Selected
Lists programs that you have selected but not yet applied to. Any program listed in the Programs Selected tab can be deleted.

Programs Applied To
Lists any programs you have already applied to. You may click each program to view/edit document assignments.

Preview Invoice
Allows applicants to view an invoice showing the cost for any programs selected but not yet applied to.

Apply to Programs
Lists selected programs and allows applicants to apply to these programs.

The programs you selected in the Search Programs tab will automatically be saved under the Apply to Programs tab. You will be asked to select the programs to which you would like to submit your application.

After selecting your programs, you will be taken to the invoice page. Please review your invoice carefully. Once you have completed the payment process, print a copy of your final invoice for your records.

Invoice History
A summarized history of all of your ERAS fees broken down by specialty showing any USMLE/COMLEX transcript fees.

Assignments Report
Displays your training selections and the documents that are currently assigned to both your selected and applied to programs.

Track Applications
Allows you to track the status of your MyERAS applications and its supporting documents.
