# Award Set-Up

UCLA DEPARTMENT OF MEDICINE  
OFFICE OF RESEARCH ADMINISTRATION  
ZOOM TRAINING

# Your thoughts matter! Share them!

PLEASE FEEL ENCOURAGED TO UNMUTE YOURSELVES (PREFERRED!) TO ASK QUESTIONS AND/OR PARTICIPATE IN THE DISCUSSIONS, USE THE CHAT FEATURE, OR EMOTE UNDER THE REACTIONS ICON ON THE BOTTOM OF YOUR ZOOM SCREEN TO ENHANCE YOUR LEARNING EXPERIENCE. 😊

# What is Award Set-Up?

- The official start of the post-award phase
- Various steps necessary to properly set up a project once the award has been fully executed by a UCLA Central Office such as OCGA
- Otherwise known as: fund or project set up, new award/fund/account
- “What do I do after a proposal has been chosen for funding?”

# How to tell if a project is being funded?

- NIH: Official Just-in-Time (JIT) request
- Notification received from Sponsor (to PI or Central Office)
- New Award Snapshot created by UCLA Central Office (OCGA)
- Transfer of funds (TOF) processed
- New fund number shows up in FPM/web report list of funds

# NIH Just-in-Time (JIT) Request (Class #18)

- Procedure that allows certain elements of an application to be submitted later in the application process; **after review when the application is under consideration for funding.**
- JIT request is made via email to the PI & OCGA.

# Notifications from Sponsor and/or OCGA

- Sponsor award letters/emails, i.e. notice of award (NOA)
  - Often times these notifications go **directly to PI/OCGA**
  - NIH: [eRA Commons Quick Queries](#) – UCLA = 577505
    - *Hint & Tip: Bookmark above link & include "577505" in bookmark title so you'll always remember UCLA's IPF #*
    - *Hint & Tip: Ask PI to provide you with "Status" access to their eRA Commons profile to have direct access to NOAs*
- UCLA Award Snapshot email from OCGA (see next slide)

# Transfer of Funds (TOF) PAN Notification

- You can look up TOFs in the PAN selection module at any time

The image displays two screenshots from the UCLA financial system. The left screenshot shows the 'FINANCIAL SYSTEM REPORTS' and 'APPLICATIONS' navigation menus. In the 'APPLICATIONS' menu, 'PAN - Post Authorization Notification' is highlighted with a red box. A red arrow points from this menu item to the right screenshot. The right screenshot shows the 'UCLA Post Authorization Notification Selection' module. At the top, it displays 'Userid: BICYR', 'Date: 02/16/23', and 'Time: 10:38:29'. Below this, there are radio buttons for 'Current Date', 'Last 7 Days', 'One Month' (which is selected), 'From Current', and 'From Archive'. The 'From Current' and 'From Archive' options have date range selectors. Below these are fields for 'Preparer User ID' and 'Reviewer User ID', each with a 'DIRECTORY' button. A 'DocType' dropdown menu is set to 'Transfer Of Funds', with 'Doc ID' and 'Subject' fields to its right. Under the 'Use Only' section, there are radio buttons for 'All Employees/Actions' (selected), 'Employee ID', and 'Action Codes'. The 'Action Codes' dropdown menu is open, showing options: '01 - New Hire', '02 - Rehire', '06 - Separation', and '07 - Leave with pay'. At the bottom, there is a section for 'For Other Application Use Only' with various input fields for 'Org', 'Div', 'SubDiv', 'Dept', 'FAU:Loc', 'Account', 'Cost Center', 'Fund', 'Project', 'Sub', and 'Object'. A note at the bottom of this section states: 'Use the CTRL-key(Windows) or Command-key (Mac) to select multiple items. You may select up to three items.'

# \*General Order of Steps to Set-Up New Award\*

- 1) Create shared drive folder for new award under PI's folder
  - 2) Review/Save Snapshot/Notice of Award (NOA)
  - 3) Enter due dates to calendar
  - 4) Review/Save TOF
  - 5) Compare proposal budget, NOA & TOF
  - 6) Update internal Excel budget\*
  - 7) Notify PI & obtain approvals
  - 8) Update PI's Other Support
  - 9) Transfer funds (TOF)
  - 10) Create recharge ID\*
  - 11) Set-up subawards\*
  - 12) Update FPM
  - 13) Add to account list
  - 14) Funding entry update & direct retros in UCPath
  - 15) Create financial statement batch & add payroll projection in FPM
- \*\*\*Checklist\*\*\* \* If applicable

# Create shared drive folder for new award under PI's folder

- Best practice is to save all files in an electronic shared drive to facilitate collaboration and cross coverage
  - List award subfolder under PI's named
  - Naming convention: Fund Number – Short Name, ex. 30304 – R21 Aging
- Subfolders examples:
  - Approvals\* - Animal/Human Subject
  - Award Snapshot/Notice of Award (NOA)
  - Just-In-Time (JIT)\*
  - Pre-Award/Proposal
  - Progress Reports (RPPR, for NIH)
  - Subawards\*
  - Transfer of Funds (TOFs)
  - Other Folders as Needed

*Hint & Tip: Recommend using consistent naming conventions for all folders, subfolders & documents*

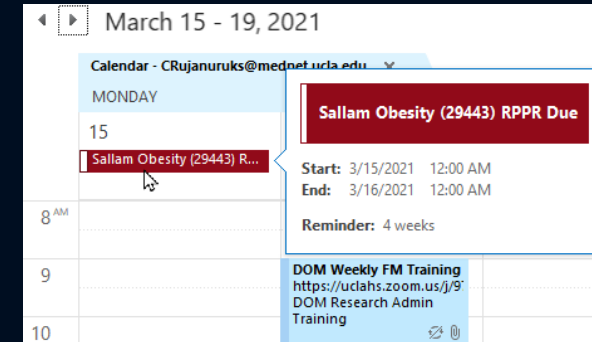

\* if applicable

# Review/ Save Award Snapshot

- Award Snapshot is Campus's standard template award summary
- Locate the Snapshot in the [ORA Online Resource Center](#) Post-Award tab
- The Sponsor's Notice of Award (NOA) is attached at the end of the Snapshot
- Compare Award Snapshot with NOA to ensure they both reflect identical information, i.e. dates, \$, etc.
  - If not, contact Central Office (i.e. OCGA) to revise Snapshot
- Read Sponsor's NOA carefully to familiarize yourself with terms & conditions, highlighting important/non-standard restrictions
- Print to PDF & save a copy of all Snapshots into shared drive

# Enter due dates into Outlook calendar

- Set up calendar reminders for yourself for important dates
  - Technical/Financial Progress Report
  - No Cost Extensions and/or Renewals
  - Final Reports
- These dates can be found: Snapshot (Sec VI)/NOA/Sponsor guidelines
- Make sure you set alerts ~1 month prior to due dates to allow sufficient time to complete/submit on time

## Section VI: Deliverables

As you prepare the required reporting/deliverable to the Sponsor for this project keep in mind that it may contain patentable information. The TDG Technology Transfer Officers are ready to meet or speak with you to discuss your pending work and you are encouraged to report potential inventions at any and all stages of your research. Invention disclosures can be submitted to <http://tdg.ucla.edu.submit-invention-report> and upon receipt TDG will be in touch with you to discuss your work. **Note that filing a technical report without consulting TDG may jeopardize UCLA's ability to secure a patent to protect your work.**

# Review/ Save Transfer of Funds (TOF)

- Locate the TOF in the [Post-Audit Notification \(PAN\) system](#)
- Review TOF processed by Office of Research Data Management (ORDM) to ensure both direct (sub o8) & indirect (sub gH) amounts received match the NOA
- Print to PDF & save a copy of all TOFs into shared drive
- This helps easily track funds allocated *into* and transferred *out of* the fund

# Compare \$ amounts: Proposal Budget, NOA & TOF

- Determine if NOA includes budget cuts by comparing with proposal budget
  - If so, were the cuts made “across the board”, i.e. 10% cut overall, or made to a specific category?
- Are the indirect/facilities & administrative (F&A) costs calculated correctly?
  - If not, you may need to process a TOF between DC/IDC, if allowed by Sponsor
- Save proposal budget in an easily locatable location on the shared drive, you will be accessing it a lot!

# Update internal Excel budget, as needed

- **NEVER save over the original proposal budget**. If changes need to be made to the budget, create a new worksheet/workbook. Always keep original proposal budget intact for reference purposes!
- Reason you may need to update internal Excel budget: modular budgets, budget cut/funded below proposed amount
- Categories that may need to be updated:
  - Salary Rate
  - Composite Benefit Rate (CBR)
  - Technology Infrastructure Fee (TIF) Rate
  - General, Auto, Employee & Liability Insurance (GAEL) Rate
  - Indirect/F&A Cost Rate
  - Budget cut categories

# Notify PI award has been processed

- Always run the awarded budget by the PI to review & approve
- Notify the PI of any:
  - Budget cuts
  - Special restrictions or requirements
- Obtain PI's approval prior to:
  - Processing TOF to allocate funds between subs (see slide 20)
  - Updating UCPATH to add new grant FAU to funding distribution for PI and any lab staff
  - Transferring funds to a linked Co-I's account/cost center
  - Setting up any subawards

# Update PI's Other Support

- Add new award to PI's Other Support (OS) document
  - Ask PI for goal since all other OS information can be found on the Snapshot & PI approved budget
  - Best practice: Provide OS information to all Co-Is after proposal has been submitted and updated after it has been funded.

<b>Project/Proposal Title</b>	<b>Role of the extracellular matrix in regulating kidney fibrosis</b>

# Transfer funds to appropriate subs & Co-Is

- Funds received by ORDМ are always processed into Sub o8 (unallocated) for direct costs (DC) and Sub 9H for indirect costs (IDC)
- It is the FM's responsibility to allocate funds via TOF processed within the Online Financial System
  - Use the PI approved budget to appropriately **allocate within PI's subs**
  - Contact the Co-I's FM to obtain Co-I's account/cost center to **transfer funds to linked PIs**
    - Make sure to ask your EFM accountant to link the Co-I's acct/cost center to your PI's fund by forwarding the transfer in the TOF system. This only needs to be requested once.
- *Hint & Tip:*
  - *Draft TOF using Summary by Sub*
  - *Double check TOF next business day to ensure expected results hit the ledger*

# Create recharge ID

- Recharge IDs are a 4 digit alpha-numeric shorthand for a FAU
  - 1:1 relationship between FAU (4-441357-JB-23480-03) & assigned recharge ID (TV<sub>13</sub>)
- Required by certain recharge units on campus in order to process payment
- Only set up if PI requires services from these specialized recharge units
  - If you are not sure whether a PI needs ones, ask!
  - Better to NOT set up, if can be avoided
  - Once recharge ID is set up, CANNOT be deleted/closed!
- Use [recharge ID self-service portal](#) to set up new ID

# Set-up subawards (Classes #24-25)

- If a portion of the work will be taking place at another Institution, will need to set up a subaward, aka consortium
- Can only set up subawards that have been approved by the Sponsor in the NOA

### CONSORTIUM:

This award includes funds awarded for consortium activity with the following institutions:  
 University of Southern California \$86,402 (\$52,365 Direct Costs + \$34,037 Facilities and Administrative costs)

Consortia are to be established and administered as described in the current NIH Grants Policy Statement (NIH GPS).

# Update Financial Projection Module (FPM) (Class # 5)

- FPM is accessed via the DGSOM Jump Server
- Enter data such as:
  - Internal PI & Fund Title (aka “short” name – see next slide)
  - Fund Manager
  - Account Owner Comments – due dates, key personnel effort, restrictions, etc.
- Useful to display data in financial statements (summary by sub report) run in the Jump Server

# Add to **account list**

- If you keep an internal/personal account list, make sure to add this new funding source
- Notify Departmental BruinBuy Preparers/Purchasers and/or PI's lab manager(s) of new funding source/recharge ID, as needed
  - *Hint & Tip: Create a grant short name (agreed upon with PI), and provide to BruinBuy preparer and lab staff, so that short name can be used on the order forms*

# Funding Entry Update in UCPath (Classes #7-9b Lab)

- Update funding within [UCPath](#) for all PI approved personnel within your Department so personnel start being paid on project
- Typically use budget period start date on Snapshot/NOA as the Funding Effective Date (staff) & Begin Date (faculty)
- Suggest updating MCOP funding using effort % (not % pay) for contract & grant funds so % effort reflected in payroll = budgeted effort = effort reporting system
