

TRAINING GRANT IN GENOMIC ANALYSIS AND INTERPRETATION

NHGRI Institutional Training Grant in Genomic Sciences

Instructions for 2024-2025 Application Submission

- Deadline for submission of applications: **11:59 PM on Friday, February 2, 2024.**
- The applicant must be a US citizen or permanent resident to receive an award. Proof of status is required.
- Application packets *must be complete* at the time of submission. *It is the applicant's responsibility to ensure that letters of recommendation are received by the application deadline.*
- Each applicant must be nominated by a UCLA faculty member (normally your research advisor). If you do not have a faculty sponsor, email Dr. Jeanette Papp at jcpapp@ucla.edu
- The applicant's **Statement of Research Interest** should be two pages or fewer that clearly and concisely reflect the applicant's research interest and work in genomic analysis. Statement should include a discussion of why this program would be a good fit for the applicant.
- For Training Program information, including amount of support, and course requirements see:
- <https://medschool.ucla.edu/departments/basic-science/human-genetics/genomic-analysis-training-program>
- If you have any questions concerning this application process, please contact Lorraine Hartman at LSHartman@mednet.ucla.edu

Review: Each application will be reviewed by a diverse seven-member Review Committee from a variety of research disciplines. Scoring is guided by the following considerations:

- **Research Potential:** Record of successful contributions to research, evidence or potential for independence, well-conceived dissertation research that has a significant genomic analysis component.
- **Academic Preparation:** Good grades in STEM courses, and good quantitative preparation & potential.
- **Fit to Program:** Strong interest in genomic research and a good understanding of how the program could be beneficial to the applicant.
- **Letters of Recommendation:** Strong letters discussing the applicant's research potential, current projects, and leadership potential.
