### OHB - Overhead Base

This table contains the definitions of exclusions for common overhead base methods. C&G funds which assess overhead must have one overhead base code assigned per Account-CC-Fund link in order for overhead to be assessed. Should you accept an award that does not meet the logic of any of these base codes the closest logic will be selected, then manual adjustments to indirect costs will be required during post-award administration.

## **Built-In Base Methods:**

- A SALARIES & WAGES (EXCLUDING EMPLOYEE BENEFITS)
- B TOTAL DIRECT COSTS (TDC) (EXCLUDING RECHARGE CREDITS-SUB 09)
- C TOTAL DIRECT COSTS(TDC)(NO SUB 09 RCHRGS OR STDNT AID/REMIS)
- D SALARIES & WAGES (INCLUDING EMPLOYEE BENEFITS)
- J STANDARD MODIFIED TOTAL DIRECT COST
