

**UCLA CARDIAC ARRHYTHMIA CENTER
DISTINGUISHED SPEAKER SEMINAR**

**THURSDAY, JUNE 6TH, 2024
12:00PM – 1:00PM
ROOM MRL 1-441**

**“PLASMA AND SINGLE CELL TYPE TISSUE PROTEOMICS TO
UNDERSTAND HEART DISEASE”**

PROF. DR. MATTHIAS MANN

**DIRECTOR, MAX-PLANCK INSTITUTE OF BIOCHEMISTRY
MUNICH, GERMANY**

Join us for a talk by Dr. Matthias Mann, a pioneer in proteomics. With a Ph.D. from Yale, Dr. Mann contributed to Nobel-winning work in electrospray ionization. He currently directs the Max-Planck Institute of Biochemistry and has a simultaneous appointment at Copenhagen University. His team focuses on translational research in body fluid/tissue proteomics and signaling. With over 850 publications, Dr. Mann is one of the most cited researchers, with an h-index of 264 and more than 300,000 citations. He has received numerous prestigious awards including the Otto-Warburg Medal, Germany's Leibniz Prize, the Körber European Science Prize, and the Louis-Jeantet Foundation Prize for Medicine.
