## TRANSLATIONAL SCIENCE SEMINAR

### Translation in Practice: Advancing HIV Treatment and Prevention for Everyone

THU, SEPT 5

11:30AM-12:30PM

NRB Auditorium

**POSTPONED**

The tools to bring a halt to new HIV infections have been available, however, the HIV struggle to reach the most vulnerable populations, including injectable PrEP, is still ongoing. Addressing these issues requires a multi-pronged approach, addressing current challenges in underserved communities.

Raphael J. Landovitz, MD  
UCLA Infectious Diseases  
and CHIPTS

Alex Rinehart, PhD  
ViiV Healthcare

Dilara K. Üsküp, PhD  
UCLA Family Medicine,  
CDU, and CHIPTS

Ronald Brooks, PhD  
UCLA Family Medicine and  
CHIPTS
