Receive the best of both with an academic program with the independence of an unopposed community training site – all while having fun with amazing residents in Los Angeles!

**Academic Excellence**

- We are the one and only official Family Medicine residency at UCLA.
- We are the primary Code Blue team for the UCLA Santa Monica Hospital.
- Dedicated tracks in Sports Medicine, Global Health and Women’s Health.
- Diverse electives throughout UCLA Health locally and internationally in Indonesia, Mozambique, and Peru!
- Extensive fellowship opportunities (Sports Medicine, Palliative Care, Addiction & Behavioral Medicine).

**Community Emphasis**

- Continuity clinics at two sites immerse residents in unique and diverse populations, including a range of insurance and socioeconomic status.
- Work at free clinics such as Venice Family Clinic and student-run homeless clinics like the West LA Winter Shelter Clinics.
- Community outreach with large health fairs, including Care Harbor and Lennox.
- Teach and inspire high school students during your Community Medicine rotation.
We hope to hear from you!
