Psychiatry  
Urology  
Vascular Surgery

# UCLA Visiting Elective Scholars Programs

UCLA invites fourth-year students from diverse backgrounds to apply for an away elective in their chosen field of interest. Students underrepresented in medicine (UIM), committed to health equity, or interested in fostering workforce diversity in healthcare professions are encouraged to apply.

Visiting students are fully integrated into the clinical and educational opportunities offered to all students, with opportunities to meet with program leadership, faculty, and residents for mentoring and discussion of career interests. Our Departmental Visiting Scholars Programs provide financial support to offset travel, housing and living expenses. Applicants must have completed required core clerkships and be in good academic standing at an accredited U.S. medical school.

Please see website details for Departmental Program details.

For questions, please contact the GME Office at (310) 206-8689 or [GME@mednet.ucla.edu](mailto:GME@mednet.ucla.edu)

## 2022- 2023 Important Dates

- Students may begin applying to our 2022-2023 VSLO/VSAS on March 1, 2022
- Away Rotations will not resume earlier than March 1, 2022.

NOTE: Students must apply in VSLO/VSAS at least two months prior to requested rotation.

## Application Details

For application details, including eligibility, requirements, and timeline by department, please see “Scholarships” section at the bottom of page at:
