David Geffen School of Medicine at UCLA
The Sixty-sixth Graduating Class

Three o’clock in the Afternoon

Friday, May Twenty-ninth
Two Thousand and Twenty
I swear by all that I hold most sacred that I will keep this enduring Oath:

To the best of my ability and judgment I will practice the Art only for the benefit of my patients.

Whatever houses I may visit, I will enter only to help the sick or to prevent illness, never to inflict harm, injustice or suffering.

I will lead my life and practice the Art conscientiously and with honor.

Whatever I may see or hear in the practice of the Art or even outside of it that should not be spread abroad I will keep in solemn confidence.

I will be just and generous to those who taught me the Art, to my colleagues in the Art, and to those who desire to learn it.

May happiness and the physician’s good repute be granted me while I keep this sacred Oath inviolate.

Dear UCLA Graduate:

Congratulations, class of 2020! Today is the culmination of years of dreaming and sacrifice, tenacity and creativity, deep thought and hard work. I hope you are proud of all you have accomplished!

Despite the different nature of the celebration, I hope you will still take the time to rejoice at how your UCLA education has broadened your horizons, deepened your relationships, strengthened your skills and expanded your opportunities. Those accomplishments will remain with you wherever you may be today and in the future.

You are graduating into a time that needs you like no other time in our memory. This pandemic is teaching important lessons about vulnerability and inequality, but also about science and service, empathy and community. We will all need to shape a recovery that makes our society more prepared, more resilient and more whole. That will require imagination and vision. Your imagination and vision.

While we may face unexpected challenges, hopefully your time at UCLA will have prepared you in unforeseen ways. At UCLA, we stress the values of compassion and inclusion, careful research and thoughtful analysis, innovation and collaboration. Those are the very virtues that will serve you as you make your way through this crisis and beyond.

This UCLA community you have been a part of, the UCLA community you helped create, and the broader UCLA alumni community you are now joining will be with you always. May they always give you strength and inspiration, hope and guidance.

Congratulations again and stay healthy.

Medical students in the David Geffen School of Medicine at UCLA receive support from the following:

The David Geffen Medical Scholarships

In 2012, entertainment executive and philanthropist David Geffen made a visionary gift of $100 million, establishing The David Geffen Medical Scholarships. This fall, UCLA celebrated an additional $46 million gift from David Geffen in support of this fund. The merit-based scholarships allow the David Geffen School of Medicine at UCLA to recruit top candidates and offer them freedom from debt, which enables recipients to build careers motivated by passion rather than financial considerations. The awards have provided full support for 264 students to date, including tuition, housing, books and other supplies, and a living stipend. The graduating Class of 2020 includes 23 David Geffen Medical Scholarships recipients. As the recipients continue on their journey in medicine and science, the life-long impact of this scholarship will stand as a testament to David Geffen and The David Geffen Foundation's extraordinary philanthropy.
