UCLA Department of Ophthalmology Annual Seminar
June 7, 2024
UCLA Stein Eye Institute • RPB Auditorium

54th Doheny Memorial Lecturer
Joseph F. Rizzo III, MD
Simmons Lessell Professor of Ophthalmology
Massachusetts Eye & Ear Infirmary

54th Jules Stein Lecturer
Russell N. Van Gelder, MD, PhD
Boyd K. Bucey Memorial Chair
University of Washington
Department of Ophthalmology

21st Bradley R. Straatsma Lecturer
Tamara R. Fountain, MD
Director, Oculoplastic Surgery
Rush Medical College
Department of Ophthalmology

21st Thomas H. Pettit Lecturer
Kenneth J. Hoffer, MD
Clinical Professor, UCLA
Department of Ophthalmology
Santa Monica, California
Join us to revisit the Institute, renew acquaintances with colleagues, and learn about research being performed by Residents, Fellows, and Full-Time and Clinical Faculty.

PROGRAM FORMAT

The UCLA Ophthalmology Clinical Annual Seminar will also be available through a live virtual meeting web platform.

Attendees who choose to attend the live virtual activity will receive a virtual meeting link and password to access the live virtual conference.

All registrants (live or virtual) will be provided the opportunity to review recorded sessions up to 3 weeks following the conference.

The recorded sessions are not certified for CME credit.

ACCREDITATION

The David Geffen School of Medicine at UCLA is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The David Geffen School of Medicine at UCLA designates this live activity for a maximum of 5.75 AMA PRA Category 1 Credit(s)™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

DISCLOSURES

The FDA has issued a concept paper which classifies commercial support of scientific and educational programs as promotional unless it can be affirmed that the program is “truly independent” and free of commercial influence. In addition to independence, the FDA requires that non-promotional, commercially supported education be objective, balanced, and scientifically rigorous. The policy further states that all potential conflicts of interest of the CME staff and faculty be fully disclosed to the program’s participants. In addition, the Accreditation Council for Continuing Medical Education policy mandates that the provider adequately manage all identified potential conflicts of interest prior to the program. We, at UCLA, fully endorse the letter and spirit of this concept.

DIRECTIONS

Conveniently located within UCLA at the corner of Westwood Boulevard and Le Conte Avenue, the UCLA Stein Eye Institute, 100 Stein Plaza, Los Angeles, 90095 is easily accessible from all points in Southern California. It is approximately 15 miles from the Los Angeles International Airport.

From the San Diego Freeway (405)
Take Wilshire Boulevard off ramp east toward Westwood Boulevard. Turn left onto Westwood Boulevard from Wilshire. Once you pass Le Conte, you will find the UCLA Stein Eye Institute on your right, please turn in to the UCLA Stein Eye parking lot. Parking is available for $15 per day.

PARKING INSTRUCTIONS

As you proceed north on Westwood Blvd, past Le Conte Ave, the UCLA Stein Eye Institute will be to your right. Make a right turn onto Stein Plaza Driveway then another immediate right to enter the parking structure. Parking is available for $15 per day in the UCLA Stein Eye Institute parking lot. The weekend rate for the lot is $8.

In the event the UCLA Stein Eye Institute parking lot is full, please proceed to Parking Lot 18 located at 885 Tiverton Drive, Los Angeles, CA 90095. As you proceed north on Westwood Blvd, make a right onto Le Conte Ave. Then, make a left at Tiverton Ave. Lot 18 will be directly ahead of you. Once parked, please follow signs to UCLA Stein Eye Institute. Parking is available for $15 per day.

Rush Medical College Department of Ophthalmology

21st Thomas H. Pettit Lecturer
Kenneth J. Hoffer, MD
Santa Monica, California

COURSE DESCRIPTION

The UCLA Department of Ophthalmology Annual Seminar is designed as an update course covering current clinical and research aspects of selected ophthalmic subspecialties. The 1-day program includes the full-time faculties of both the Stein Eye Institute and the Doheny Eye Institute, along with nationally prominent invited lecturers. The sessions will address current best practices in management, advanced surgical techniques, latest diagnostic technology, and translational research, in multiple educational formats, including didactic lecture, panel discussion, and case-based interactive presentations.

GOALS & OBJECTIVES

At the completion of this course, participants should be able to:

- List the changes in timing and methodology of ROP screening based on the 2018 policy statement from the American Academy of Pediatrics
- Describe electrotherapeutic techniques in current use in ophthalmology
- Summarize potential uses for genetic testing in glaucoma
- Identify advantages and disadvantages of minimally invasive vs standard glaucoma surgery techniques

TARGET AUDIENCE:

This course is designed for ophthalmologists, optometrists, vision scientists, and other healthcare practitioners whose practice includes care of patients with ophthalmic disease.
